

ANNEX I

GAD Budget as Local Economic Development Tool

Reference Matrix and Sample GPB EntryAWDA 2026 · AWES 2026 · ASEAN Trade Expo 2026

How to Read This Annex

The GAD budget — mandatory at minimum 5% of total LGU budget under RA 9710 — is the most immediately available and legally grounded local economic development investment tool for weaving enterprise development. This Annex provides: (1) a reference matrix of specific activities eligible for GAD attribution, with legal bases; (2) a five-step encoding guide for the GMMS; and (3) a sample GAD Plan entry template. Activities listed do not automatically qualify — each must be grounded in a documented gender analysis and included in the duly approved GPB. LGUs should consult their PCW Regional Focal Point and DILG Provincial/City Director before attributing expenditures to the GAD budget.

Part I — Reference Matrix of GAD-Eligible Activities

ACTIVITY CLUSTER	SAMPLE ELIGIBLE ACTIVITY	LEGAL BASIS	LED OUTPUT
AWDA — Gender Analysis	Conduct of gender analysis of local weaving sector: mapping women weavers, documenting income gaps, identifying indigenous women artisans, assessing market access barriers	MCW Sec. 36; JMC 2024-01	Sex-disaggregated enterprise baseline; foundation for LED planning
AWDA — Enterprise Documentation	Preparation of AWDA nomination: weave narrative, artisan profiles, product mini-catalog, market plan, heritage documentation	MCW Sec. 23, 24; JMC 2024-01	Enterprise file; market-ready product catalog; ASEAN Trade Expo exhibit materials
AWDA — Legal Declarations	Legal support for Community Consent (D-1), Authenticity Declaration (D-2), and Benefit-Sharing Statement (D-3)	MCW Sec. 28; RA 8371 (IPRA)	IP protection framework; legal enterprise foundation; IPRA compliance
AWDA — Production Support	Materials and courier costs for physical textile sample; production support for AWDA exhibit products	MCW Sec. 23	Market-ready product inventory; ASEAN Trade Expo stock
AWDA — Skills Upgrading	Weaving skills training, natural dye workshops, product development, quality standards, digital artisan profile creation, cooperative governance	MCW Sec. 24	Increased product quality and market value; enterprise capacity
AWDA — Participation	Transport and accommodation for women weavers to island selection events (Aug) and National Awarding Ceremony (Oct 15, WTC Pasay)	MCW Sec. 25	National recognition access; network and market connection

LGU Policy Development	Drafting and enactment of ordinances recognizing weaving as priority LED sector; investment incentives; cooperative support programs	MCW Sec. 36; JMC 2024-01	Enabling policy environment; basis for sustained private sector investment
AWES 2026 — Delegation	Registration (PHP 10,000–12,000), transport, and accommodation for LGU-nominated women enterprise leaders and representatives	MCW Sec. 23, 25; ASEAN Gender Framework	Direct access to ASEAN-level investors and policy networks
ASEAN Trade Expo — Exhibition	Booth preparation, product samples, display materials, transport of goods and persons to SINAG Pavilion (Nov 10–12, Okada Manila)	MCW Sec. 23	Direct ASEAN market access; B2B buyer matching; export pipeline
ASEAN Trade Expo — Digital	QR provenance documentation, digital artisan profiles, product photography for SINAG digital trade platform	MCW Sec. 23	Digital enterprise identity; international buyer accessibility; ESG credentials
LGU Market Development	Local procurement of weaving products for official use; integration in local tourism packages; promotional merchandise programs	MCW Sec. 23, 36	Immediate domestic market for weavers; LGU enterprise investment
Cross-Cutting — Data	Sex-disaggregated data collection, GAD database updates, income monitoring for women weavers	MCW Sec. 36; JMC 2024-01	COA-defensible enterprise outcome data; GAD AR foundation
Cross-Cutting — Reporting	GAD Accomplishment Report covering AWDA/AWES/Trade Expo outcomes for women weavers, with income and market access data	MCW Sec. 36; JMC 2024-01	Demonstrated ROI on GAD investment; SGLG compliance evidence

Part II — Five-Step Guide to Encoding in GMMS

- Step 1 — Gender Analysis:** Conduct and document a gender analysis of the local weaving sector. Record: number of women weavers (by age, barangay, ethnicity); income compared to male agricultural workers; access to credit, training, and markets; indigenous women's status and IP protection needs; and LGU policy gaps. This is the legal and programmatic foundation for all GAD-attributed expenditures.
- Step 2 — GMMS Encoding:** Log in to the Gender Mainstreaming Monitoring System at gmms.pcw.gov.ph. Under your FY 2026 GAD Plan and Budget, create a PPA entry for weaving enterprise development and AWDA/AWES/Trade Expo participation using the sample template in Part III below.
- Step 3 — GPB Endorsement:** Submit the GPB to your provincial LGU (for component cities and municipalities) or DILG Regional Office (for provinces and HUCs) per JMC 2024-01. Obtain Local Sanggunian approval and incorporate in the Annual Investment Plan (AIP). Pass the Sanggunian resolution authorizing AWDA/AWES/Trade Expo expenditures from GAD resources.
- Step 4 — Implementation and Documentation:** Implement activities and maintain documentation: sex-disaggregated attendance sheets, artisan registration records,

training certificates, courier receipts, exhibit materials receipts, and outcome reports. All required for GAD AR and potential COA audit.

5. **Step 5 — GAD Accomplishment Report:** After events (October–November 2026), encode outcomes in the GAD AR through GMMS. Report sex-disaggregated results: number of women weavers with improved market access; AWES delegates; ASEAN Trade Expo exhibitors; income changes where measurable. These outcomes are the LED returns on the GAD investment.

Part III — Sample GAD Plan and Budget Entry

GPB FIELD	SAMPLE ENTRY
Program / Project / Activity	Support for Women-Led Weaving Enterprise Development and Participation in AWDA 2026, AWES 2026, and ASEAN Trade Expo 2026 — Philippines ASEAN Chairmanship Women's Economic Pillar
Gender Issue Addressed	Women weavers in [LGU] earn substantially below minimum wage despite possessing high-value, market-competitive craft skills; [number] women artisans lack access to domestic and export markets; indigenous weaving traditions at risk of economic nonviability due to limited market linkage; LGU has no formal policy recognizing the weaving sector as a priority local economic development industry
Identified Gender Gap	Income disparity between women weavers and male workers in agriculture; absence of LGU investment and enabling policy for the weaving sector; no digital documentation of indigenous weaving heritage; zero LGU-facilitated access to ASEAN market platforms
GAD Mandate	MCW Section 23 (Livelihood, Credit, Capital, Technology); Section 24 (Education and Training); Section 25 (Participation and Representation); Section 28 (Cultural Identity of Indigenous Women); Section 36 (Gender Mainstreaming); JMC 2024-01
PAP Description	(a) Gender analysis of local weaving sector; (b) AWDA 2026 nomination preparation including artisan profiles, heritage documentation, product mini-catalog, and mandatory declarations; (c) Skills upgrading for women weavers; (d) Transport and accommodation for women weavers to island selection events and National Awarding Ceremony; (e) Registration and logistics for LGU women's delegation to AWES 2026; (f) Exhibit preparation and participation at ASEAN Trade Expo 2026; (g) Local Sanggunian resolution and ordinance on weaving as priority LED sector; (h) GAD Accomplishment Report preparation
Target Beneficiaries	[Number] women weavers; [Number] indigenous women artisans; [Number] women-led weaving MSMEs; [Number] women local officials and GAD focal persons
Estimated Cost	PHP _____ (detail by activity in the GPB worksheet)
Performance Indicators	Number of AWDA nominations submitted; number of women weavers with improved market access; number of AWES 2026 delegates; number of ASEAN Trade Expo exhibitors; income improvement of women weavers (measured pre- and post-program); Sanggunian resolution/ordinance enacted

Implementing Office	[Name of implementing office — LGU LEDO, GAD Focal Point, or Weaving Sector Focal Person]
COA Classification	Current Operating Expenditure — attributed to GAD budget per applicable COA and PCW guidelines
